

This Sunday, take your children to the Certified Supercenter for some inspirational entertainment

On Tuesday, the Management of the Certified Mega Mall was proud to announce that on Sunday, April 23, they would be hosting BIN BUSK'E 2, a fun fair for children that will introduce them to productive activities so that no child can ever claim that they are "bored."

Bin Buske'e is an event to introduce the 2 YOUTH program of the Mires International Ministry. Every Saturday they conduct classes, games and other pastimes for youth at the Plaza Betico Croes in Oranjestad, behind the Cas di Cultura.

This Sunday, a fair held in the parking lot of the Certified Supercenter will feature music, videos, Tae Bo, Capoeira, (a martial arts form of dance from Brazil,) theater, and much more, all aimed at directing the island's youth towards healthy, productive activities for the mind, body and spirit.

Organizers describe the experience as "spiritual and creative," and volunteers Glenny, Enrique and Arnedo have worked out an exciting program that will stimulate young minds and exercise young limbs. Ingrid Werleman, Sales and Marketing Manager of Certified Supercenter affirms that the ideals of the 2 Youth group are heartily endorsed by the owners and management of the shopping center. Born out of concern for the direction of today's youth, 2 Youth aims to prove that there are ample ways for children to use their free time productively while also being entertained and exercised.

Sunday's event begins at 5:00 PM until 10:00 PM, and aside from inter-active demonstrations of the program offered every Saturday, there will be clowns, face painting, a dino jump and much, much more. It promises to be fun for the entire family, and an inspirational experience!
